HORIZON 2020  
THE FRAMEWORK PROGRAMME FOR RESEARCH AND INNOVATION

## HORIZONTE 2020 | Apoio à Investigação & Inovação

- **Enfoque nos desafios sociais** da UE, alterações climáticas, sustentabilidade/competitividade, segurança energética e alimentar, envelhecimento saudável,.....

1. **Saúde**, alterações demográficas e bem-estar
2. **Segurança alimentar**, agricultura e silvicultura sustentáveis, investigação marinha, marítima e águas interiores e a bioeconomia
3. **Energia segura**, eficiente e sustentável
4. **Transportes** inteligentes, verdes e integrados
5. **Ação Climática, ambiente**, eficiência de recursos e matérias primas
6. A Europa num Mundo em mudança - **Sociedades inclusivas, inovadoras e pensadoras**
7. **Sociedades seguras** - proteção da segurança da Europa e dos seus cidadãos

## DS2. Segurança alimentar, agricultura e silvicultura sustentáveis, investigação marinha, marítima e de águas interiores e a bioeconomia

### Desafio específico:

Fazer o melhor da sustentabilidade dos recursos biológicos

### Objetivos:

- Abastecimento suficiente de alimentos seguros e de alta qualidade e de outros produtos de base biológica
- Sistemas de produção primária produtivos e eficientes na utilização dos recursos
- Cadeias de abastecimento competitivas e hipocarbónicas

### Objetivo político:

Acelerar a transição para uma Bioeconomia Europeia sustentável

### Linhas de Ação

- 1 *Agricultura e silvicultura sustentáveis*
- 2 *Setor agro-alimentar sustentável e competitivo para um regime alimentar seguro e saudável*
- 3 *Desbloquear o potencial dos recursos vivos aquáticos*
- 4 *Bioindústrias sustentáveis e competitivas e apoio ao desenvolvimento de uma bioeconomia europeia*
- 5 *Investigação transversal marinha e marítima*

*Orçamento proposto (2014-2020): 3851 M€*  
(5% orçamento H2020)

### Strategic Implementation Plan European Innovation Partnership "Agricultural Productivity and Sustainability"

Adopted by the High Level Steering Board on 11 July 2013

The screenshot shows the website for the European Innovation Partnership (EIP) under the Agriculture and Rural Development program. The header includes the European Commission logo and the text "AGRICULTURE AND RURAL DEVELOPMENT". The main content area features a navigation menu on the left with items like Home, The CAP, Policy areas, Market sectors, External relations, CAP funding, Analysis, Media, Services, Tool Box, Archive, and About us. The central content area is titled "European Innovation Partnership 'Agricultural Productivity and Sustainability'" and includes a description of the partnership's goals. Below this is a "News" section with several entries, including "17/09/2013: New call for Focus Groups' experts launched: Genetic resources, Soil organic matter, Integrated pest management" and "15/07/2013: Minutes of the meeting of the High Level Steering Board". A right-hand sidebar contains sections for "IN THIS CHAPTER" (Introduction, Events, Newsletters, Network and Service Point, High Level Steering Board, Focus groups, Documents) and "RELATED INFO" (EIP network call for tender, Standing Committee on Agricultural Research, EIP on Water, Innovation Union).

### SFS - Call “Sustainable Food Security”

20 t picos

- Sustainable food production systems 11
- Safe food and healthy diets and sustainable consumption 6
- Global drivers of food security

As atividades propostas nesta *call* pretendem desenvolver sistemas de produção (aquáticos/terrestres) competitivos e c/ máxima eficiência de recursos, cobrindo: a eco-intensificação da produção; a gestão sustentável dos recursos naturais; tecnologias p/ uma cadeia alimentar sustentável; alimentos seguros e dietas saudáveis p/ todos; sistema global de segurança alimentar.

As ações de I&I cobrem toda a cadeia alimentar, tanto do lado da oferta como da procura.

IB Call Innovative, sustainable and Inclusive Bioeconomy  
 Topics

- sustainable agriculture and forestry
- sustainable and competitive bio-based industries
- Cross-cutting actions covering all activities

*Esta call inclui atividades destinadas a apoiar a agricultura sustentável e os processos de gestão florestal que contribuem para o fornecimento de bens públicos e produtos inovadores para o crescimento sustentável promovendo a inovação incluindo a inovação social em zonas rurais para um crescimento inclusivo e o reforço da inovação nas bio-indústrias para um crescimento inteligente*

As atividades propostas nesta call foram concebidas para serem complementares das que vierem a ser implementadas pela ' **TI on Bio-Based Industries** ' e visa o lado da oferta da biomassa para bioprodutos da cadeia de valor através do desenvolvimento de matérias-primas inovadoras, I&I na próxima geração de biorefinarias utilizando CO2 como matéria prima direta e apoiando os mercados para os produtos de base biológica
